AGENDA ITEM WORDING:

Approval of a Resolution concerning the policy for Uniform Wastewater System Connection.

ITEM BACKGROUND:

At the January 2003 regular BOCC meeting, the Commission heard from a number of individuals with complaints concerning connection requirements to facilities operated by Key West Resort Utilities (KWRU). The Commission requested that staff talk to property owners and the Utility to determine if any adjustments need to be made to the County's contract with the Utility to provide wastewater improvements concerning engineering options and uniform connection policy.

The attached policy is provided to support staff recommendations for engineering changes to the County's agreement with KWRU for wastewater improvements on Stock Island. The attached Resolution and the Uniform Wastewater System Connection Policy that it contains, represent a policy specific to issues found in staff's consideration of concerns raised with Key West Resort Utility. However, the policy recommendations are provided to be applied generally throughout the County, in consideration of all connection issues that may arise.
